

**LAB [za'lon]** is a networking event in the TRANSFORMATION PLUS Lab dedicated to connect individuals from different backgrounds. Our shared passion “Imaging tomorrow, today “ (“ heute denken, was morgen ist”//“hüte dankche, was morn isch”, )

**Our Focus-Theme in June “Cyberdefense – Balancing Freedom and Security” with the IT specialist, cybersecurity expert and visionary Adolf J. Doerig.**

Adolf J. Doerig is entrepreneur and management advisor at Doerig + Partner AG. The studied system engineer and economist leads, consults and mentors in complex projects about international strategy development, risk management and security strategies in various industries. He is founding president of the Information Security Society Switzerland (ISSS) and teaches at the Lucerne School of Information Technology.
